Where it matters, when it matters.

CAF Bank ANNUAL REPORT SUMMARY 2022

The past year has been another year of uncertainty and challenges for the charities we serve. After surviving the pandemic and then adapting to a new reality, charities found themselves in the middle of a cost-of-living crisis.

Charities are at the forefront of our thinking, and we are resolved to continuing to be here for them with the banking solutions they deserve in order to deliver on their respective missions.
