UK Giving 2010
An overview of charitable giving in the UK, 2009/10

Supplementary charts

Figure 1 Proportion of donors giving to different causes, 2004/05 - 2009/10 (%)
Relates to section 6 of the main UK Giving 2010 report, ‘What causes do people give to?’

© Charities Aid Foundation & NCVO 2011
Figure 2 Proportion of donors using Gift Aid, by size of donation, 2005/06 - 2009/10 (%)

Relates to section 8 of the main UK Giving 2010 report, ‘What proportion of donors use Gift Aid?’

Note on the charts: The numbers in the categories in the charts above are relatively small, which means that random fluctuations can result in apparent differences from year to year which are not statistically significant. These charts were not included in the main report because their trends from year to year tend to be subject to greater fluctuation than other charts. Since there is considerable demand for these figures, however, we provide them with this note of caution.
