### Arranged Overdrafts

<sup>1</sup> Overdraft applications are subject to credit assessment and security is required.

### CAF Bank online

You can manage your account with our Online Banking service, a safe and secure way to manage your day-to-day transactions over the internet.

#### Dual authorisation

Managing your account online gives you the benefit of additional security and fraud prevention measures using dual authorisation. Once a transaction has been initiated to a third party, it requires another online user, authorised by your organisation, to approve it before any money leaves your account.

You can:

- view transaction history and balances for all your accounts
- pay variable amounts to your staff and suppliers

- view statements online
- send and receive money between your CAF Cash and Gold Accounts
- send money to other UK bank accounts
- set up additional users with various Administration Rights
- view Direct Debits
- set up, amend and cancel standing orders
- change your passwords
- order cheque or paying-in books

### **CAF Cash Online QuickPay**

This is a free online service that lets you pay variable amounts to your staff and suppliers from your CAF Cash Account. Unlike a standing order, QuickPay allows you to transfer irregular amounts. You can control your payments online and they are sent electronically at no cost to your organisation.
