ROLES AND RESPONSIBILITIES FOR DONOR, INVESTMENT MANAGERS AND CAF

The funds held in CAF Charitable Trust are donations made to CAF and are the assets of CAF, not the Donor.

Self advised with an authorised adviser structure

A professionally regulated independent adviser appointed by the donor to aid with administration but does not contract with or receive any fees from CAF.

Segregated Portfolio structure

CAF establishes account with the Donor’s selected investment manager. Therefore, for regulatory reasons CAF is the client of the investment manager and the donor is CAF’s client.
