TAX-EFFECTIVE GIVING FROM AN INHERITANCE

A CAF Deed of Variation to a Will is a flexible, tax-effective way to create a charitable giving fund from a legacy that you have received.

If you have received a legacy, you may decide that you would like all, or a part of it, to be donated to charity. However, you may not want to donate the money all at once, and you might want some time to choose which causes to support. In these circumstances, Charities Aid Foundation (CAF) can help.

Creating a Deed of Variation to a Will in favour of CAF enables you to arrange a philanthropic fund out of that legacy. You can distribute it to single or multiple causes either immediately or over a period of time.

A Deed of Variation to a Will, also known as an Instrument of Variation, is a document that can change the distribution of an estate, mostly for tax purposes. The Deed must be executed within two years of the date of death, everyone affected by the change to the Will must agree and no-one can be compensated for the amount they give up. The Deed must also be signed by all of the executors and by those beneficiaries affected by the changes being made.

Create a flexible gift in 3 simple steps

1. Draw up your Deed of Variation to the Will in favour of CAF
We then let HMRC know that we have seen the Deed, so they can arrange any tax refund due.

2. Decide on your preferred way to give

- CAF Legacy Service
- CAF Charity Account
- CAF Charitable Trust

See www.cafonline.org for details or contact us for more information.

3. Send the money to CAF

We will place this in your chosen fund for CAF to give to the charities of your choice when you are ready, subject to the relevant Terms and conditions of business.

Whilst a Deed of Variation to a Will does not avoid tax, it does help you take advantage of the reliefs that are available. Donating a legacy to a charity, can help reduce liability to Inheritance Tax and, in some cases, Capital Gains Tax. Furthermore, since 6 April 2012, if you are able to redirect 10% or more of the deceased person's net estate to charity, the rest of the estate can benefit from a reduction in the Inheritance Tax rate from 40% to 36%. To enable you to work out how much you would need to donate to charity to benefit from this reduction, HMRC has helpfully provided a calculator at <http://www.hmrc.gov.uk/tools/iht-reduced-rate/calculator.htm>. The wording that you will need to include in the Deed of Variation for the charitable gift to qualify for the reduced rate of 36% is available at <https://www.gov.uk/hmrc-internal-manuals/inheritance-tax-manual/ihtm45008>

If you already have a CAF Charitable Trust or a CAF Charity Account, you can use a Deed of Variation to a Will to create a charitable legacy to increase the value of your fund.
