For over 90 years, we've found the most effective and efficient ways to connect donors to the causes that matter to them and for money to get where it's needed.

We help people and businesses support the causes they care about, allowing them to give more. For charities, we provide simple and straightforward day-to-day banking and fundraising services, freeing them up to concentrate on the real work of making a difference.

Charities Aid Foundation (CAF)'s mission is to motivate society to give ever more effectively, helping to transform lives and communities around the world.

Our Private Client team offers expert advice and service. Opening a CAF Charitable Trust is simple. We handle the set-up and all ongoing administration, making charitable giving a tax-efficient, easy and enjoyable experience.

You will benefit from:

- Strategic advice on philanthropy
- Tax-efficient donations to UK and international causes
- Anonymous giving if required
- Dedicated client relationship management
- Protection on donations to overseas charities through our charity validation service
- Flexible investment options, including social investment

The CAF Charitable Trust enables you to create a philanthropic fund today, and then distribute the funds within it to single or multiple causes over a period of time. It has the flexibility to allow you to create a structured long term giving plan, make ad hoc donations in response to causes that interest you or to support social investment initiatives.

We make giving easy by alleviating many of the time-consuming tasks involved in running a charitable trust, so you can focus on supporting the causes that are important to you.

“I opened a CAF Charitable Trust on which Gift Aid can be claimed. It was easy to get started in social investment through my CAF Charitable Trust. I committed funds for charities to borrow between two and five years on an unsecured basis. This fitted with my objectives to help a number of organisations by investing over and over again.”
